

Having worked with Scott Sargent in the Racking and Shelving Industry on various projects for over 10 years I wouldn't recommend anybody else to carry out Safety Inspections.

Scott is very straightforward to work with and provides an excellent service with his customers always coming first. With an extensive knowledge of racking systems across a multitude of manufacturers and in HSE Compliance your guaranteed to receive all relevant reports and be guided in the right direction towards running a safe and efficient warehouse.

SHS Racking Inspections are responsible for all our client's inspections with Scott at the forefront of meeting all our requirements and we will continue to utilise this highly recommended service.
